**2017 Red IQ Washington State Red \$14 RED** I.Q. is a collaborative side project that is the brainchild of Art North and Robert Henry, the duo behind the highly acclaimed wines from Pamplin Family Winery. Our goal is to craft a wine that over-delivers on quality at a very consumer-friendly value. We strive to create a wine that will be the standout star for a restaurant glass pour and is the go-to choice for an everyday wine at home. A blend of Cabernet Sauvignon, Merlot, Petit Verdot and Malbec; the combination is a winner. Styled and structured with bright berry, vanilla, and a complex layered finish.

**2019 Torremorón Tempranillo Spain \$14** Torremorón, made in DO Ribera del Duero, is an example of how much can be done when you start with beautiful raw material. Walking up the hill to the town square here is a trip back in time; fewer than 90 people live in this tiny village, and 85 of them work at the winery ... the other 10 work at the bar. This is the extent of the commerce in this town, where every family still maintains subterranean cellars for wine that go stories beneath the ground into the cool limestone and winemaking centers around the 100+ year old, bush trained Tinto Fino (Tempranillo) vines that are the lifeblood of this area. The high desert climate has enormous diurnal shifts, which combined with the limestone soil and elevation in stainless steel, make for a wine of intense freshness and purity. When you taste Torremorón, there is no “makeup” - just the unadulterated expression of old-vine Tempranillo that lets you drink like the locals do. Here, the fresh, red berried, mineral character of Ribera shines with a slightly spicy, minty note. This is one of only a few Ribera wines where you can taste the “cut” and chewy, juicy Tempranillo flavors unburdened by oak. A crisp fruited wine with structure and substance, it's neither light nor unduly heavy. This would pair well with Thai beef salad, marinated Korean BBQ pork, Peking duck and meat or chicken dishes with a piquant play of spices.
